Library Holdings

These holdings are listed in the library's online catalog. Additional resources, available from anywhere in the world, are provided via inter-library loan services. Electronic databases, most featuring full text documents, and a substantial e-book collection provide an ever-growing selection of scholarly and reference works and can be easily accessed by staff and students.

Electronic materials can be utilized off-campus, via the internet, using your RCBC library barcode and PIN. Online databases and e-books support the college curriculum. Off-campus access is particularly important for students in the college's Distance Education programs. The library also maintains special collections on specific topics such as the Professional Development collection for teaching professionals which includes books, DVDs and news journals for educators and the Burlington County Center for Social Justice and Holocaust Studies which includes select books and videos on social issues.

Thanks to an innovative partnership with the Burlington County Library System, the RCBC library locations serve the academic needs of Burlington County residents and can provide certain library services not available elsewhere, while at the same time working collaboratively to provide seamless borrowing privileges for most items between and among the county branch locations.

Materials borrowed from the RCBC library can be returned at other county branch locations and vice-versa. The library's catalog is merged with the BLInC (Burlington Libraries Information Consortium) system, to give users potential access to over one million items.

Items within the county system, including on- and off-campus holdings can be requested online and received at any participating branch location, including the RCBC library service center, usually within a few business days.

Other items within the region, state, country or around the world can be requested via inter-library loan. If your research should lead you to a book, an article or a journal that RCBC does not own, RCBC can borrow it for you to use at RCBC from almost any library in the world. This service is available at no cost to RCBC students and effectively multiplies our holdings to meet your academic needs.

Harassment, Anti-Discrimination, Equal Opportunity, Non-Retaliation, Whistleblower, and Complaint and Reporting Purpose and Application

By virtue of the following statement: This policy, and the Complaint and Reporting Procedure that follows, applies to all employees and non-employees. This policy prohibits employees and non-employees from engaging in or encouraging unlawful discrimination or harassment of college employees and students in violation of this policy.

This policy applies to all students as well as employees.

The following policies are designed to acquaint you with the equal opportunity employment, anti-discrimination and anti-harassment (including sexual harassment), antiretaliation policies, as well as its complaint and reporting procedure. As with all college policies, employees are required to read and comply with these policies. By their very nature, policies are general in nature and cannot be all encompassing nor address all possible situations. For this reason, if you have any questions concerning any the following policies or any other college policy, contact the Executive Director of Human Resources and Administration.

Key Contacts

The following policies identify certain individuals by that person's official title. For convenience, a list of "Key Contacts" is attached which further identifies each individual presently holding each job title specified along with their contact information. You should also check the most recent copy of the college's directory in the event of a personnel change. Otherwise, the college will inform you of such changes as necessary.

Protected Class Defined

From time to time within this document, as well as others, reference may be made to "protected class" which means an individual's race, color, sex, religion, creed, national origin, ancestry, affectional and sexual orientation, gender identity or expression, political, domestic partnership, civil union or marital status, atypical hereditary or cellular blood trait, genetic information, citizenship, veteran status, age, physical or mental disability, or other basis, characteristic or trait protected by federal or state law. Please note, to the extent any Federal and/or State law identifies additional protected classes, it is the college's intent that its policies be read and applied as incorporating those protected classes as well.

Equal Employment Opportunity (EEO) Policy

Rowan College at Burlington County ("RCBC" or the "college") is an Equal Opportunity Employer (EOE). The college does not discriminate in matters of hiring, promotion, transfer, discharge, pay, fringe benefits, terms, conditions, or other matters of employment on the basis of a person's protected class or other basis, characteristic or trait prohibited by law ("protected class"), except where such considerations are bona fide occupational qualifications or are otherwise permitted by law. Additionally, the college does not discriminate based upon association with a member of a protected class. Regardless of when or where it takes place, if you have a good faith belief that you have, or another individual has, been subjected to unlawful discrimination, harassment, or unfair treatment, please use the Compliant and Reporting Procedure detailed below. If you learn that a vendor, contractor, student, or other non-employee believes they have been subjected to discriminatory or unlawful treatment by the college or its employees, please promptly report the matter in accordance with the Complaint Reporting Procedure detailed below. All RCBC employees share in the responsibility for assuring that by their personal actions the policies are effective and apply uniformly to everyone.

Any employee involved in unlawful discrimination or harassment will be subject to corrective action up to and including termination.

Disabilities and the College

The college complies with all applicable provisions of the Americans with Disabilities Act (ADA), and State laws governing disability discrimination and will not discriminate against any qualified employee, job applicant, client, consumer, vendor, contractor, or other non-employee with respect to any terms, privileges, or conditions of employment or contract because of a person's physical or mental disability. The college will also reasonably accommodate a person with a disability, provided that the individual is otherwise qualified to safely perform the essential duties and assignments required for the

job and provided that any accommodation does not impose an undue hardship on the college. Regardless of when or where it takes place, if you believe you have been subjected to, or become aware of another individual who has been subjected to, discrimination or unlawful harassment based upon that person's disability please promptly report it by following the Complaint and Reporting Procedure detailed below.

Please immediately direct all other disability related issues or inquiries to the Vice President of Human Resources. In the event your supervisor is not available, contact another supervisor. This includes any matter involving a request or need for an accommodation in order to complete the application process, perform one's job duties, obtain access to any of the college's facilities or similar issues. Please understand that these types of matters can involve many legal complexities and therefore, employees are not authorized to make any statement, comment or attempt to address the matter. Instead, you must promptly refer it to the Vice President of Administration who shall assess and direct all action deemed appropriate.

All college employees share in the responsibility for assuring that by their personal actions the policies are effective and apply uniformly to everyone. Any employee, including managers and supervisors, involved in unlawful discrimination will be subject to corrective action up to and including termination.

Anti-Discrimination & Anti-Harassment Policy (including Sexual Harassment)

The college does not tolerate any form of unlawful discrimination or harassment in the workplace because of a person's protected class (defined above). Additionally, the college does not tolerate unlawful discrimination or harassment based upon an individual's association with a member of a protected class. The college expects all RCBC employees, college officials, department heads, supervisors, to treat other individuals including other employees, as well as students, volunteers, guests, vendors, suppliers, contractors, other non-employees and others not directly connected with the college (collectively referred to as "non-employees") with respect and courtesy, both in their speech and in their conduct. Likewise, the college expects all non-employees to treat our employees with respect and courtesy in their speech and conduct. Please note, a determination that a particular matter does not equate with unlawful harassment or discrimination does not foreclose disciplinary action, up to and including discharge, based on the same events.

If any employee of the college forms a good faith belief that he or she is the victim of unlawful discrimination or harassment by another employee or by a person not employed by the college or if an employee learns of unlawful harassment or discriminatory treatment of another, the college strongly encourages the employee to report the matter to their supervisor, their Department Head, Division Director, the appropriate Affirmative Action Officer, or the Executive Director of Human Resources and Administration, as soon as possible in accordance with the Complaint and Reporting Procedure provided below. The college strongly encourages its employees to promptly report any harassment, threats or acts of intimidation experienced or witnessed on or off its premises which is connected to the college. All complaints will be investigated to the extent warranted, and all employees contacted are expected to cooperate in the investigation. Similarly, during the course of or in connection with their employment

by the college, employees are prohibited from engaging in unlawful discrimination or harassment against nonemployees. This policy applies to all incidents of unlawful harassment or discrimination including instances which occur off premises or off-hours. As noted above, while the college may conclude that reported conduct is not “unlawful,” the employee may nonetheless be subject to discipline.

Discussed below are a few examples of the type of conduct prohibited by the college. Unlawful harassment or discrimination includes:

1. Unwelcome sexual advances: Unwelcome sexual advances mean and include any type of request for sexual favors, and all other verbal or physical conduct of a sexual or otherwise offensive nature, directed at an employee because of that person’s sex, sexual or affectional orientation, gender identity or expression, or sexual preference especially where and if the following are also involved:
 - submission to such conduct is made either explicitly or implicitly a term of condition of employment; or
 - submission to or rejection of such conduct is used as the basis for decisions affecting an individual’s employment; or
 - such conduct has the purpose or effect of creating an intimidating, hostile, or offensive working environment.
 - sexual harassment can include harassment between individuals of the same gender.
 - sexual harassment may include, but is not limited to, repeated offensive or unwelcome sexual advances; subtle or overt pressure for sexual favors; sexual jokes; verbal comments or innuendo of a sexual nature; propositions or advances; graphic commentary about an individual’s body, sexual prowess or sexual deficiencies; leering, whistling, touching, pinching, or other physical touching; suggestive, insulting or obscene comments or gestures; display of sexually suggestive objects or pictures.
2. Unlawful discrimination, including but not limited to unlawful harassment, includes a wide range of obvious and subtle comments and conduct. Depending on the circumstances, it may include, but is not limited to, comments, jokes, insults, slurs, derogatory statements, drawings, pictures or cartoons, innuendoes, other statements or conduct directed at or treatment of another based upon their protected class status or association with a member of a protected class. Unlawful harassment can be verbal or written.

This policy, and the Complaint and Reporting Procedure that follows, applies to all employees and non-employees. This policy prohibits employees and non-employees from engaging in or encouraging unlawful discrimination or harassment of college employees and students in violation of this policy.

All employees of the college share in the responsibility for assuring that by their personal actions the policies are effective and apply uniformly to everyone. Any employees involved in unlawful discrimination will be subject to corrective action up to and including termination.

Anti-Retaliation

No person who reports unlawful harassment, discrimination, retaliation or other unlawful conduct, or who furnishes information or testimony with respect to the occurrence of such matters, shall be subject to retaliation in any form from the college, college officials, division directors, department heads, supervisors, employees, volunteers or other non-employees. Regardless of when or where it takes place, if you have a good faith reasonable belief that you have been subjected to, or become aware of another individual who has been subjected to, retaliation in violation of this policy, the college urges you to promptly report it directly to the Executive Director of Human Resources and Administration or the College President.

Retaliation can take different forms including, but not limited to, discouraging the making, filing, pursuit, or participation in an investigation of a complaint made to the college or a Federal or State agency, as well as written or oral statements, conduct, threats of harm or intimidation, or other behavior which negatively effects a person's work environment, pay, or other terms, conditions or privileges with the college. If an employee or non-employee makes a complaint about you, do not take any action or otherwise engage that individual with respect to their complaint.

Instead, allow the college to address the matter in order to avoid another issue or dispute from arising. The college forbids any form of retaliation against an employee or nonemployee for making a complaint. All college employees share in the responsibility for assuring that by their personal actions the college's policies are effective and apply uniformly to everyone. Accordingly, any college officials, division directors, department heads, supervisors, employees, volunteers, or students involved in retaliation will be subject to corrective action up to and including termination. The college will likewise take appropriate action for retaliatory acts committed by outsiders which are directed at a college employee or student.

Complaint & Reporting Procedure

This complaint and reporting procedure applies to all employee or non-employee complaints or reports of improper conduct involving unlawful discrimination, harassment, retaliation, threats of harm, or intimidation or other matters involving the college. As with all college policies, if you are uncertain or unclear regarding any aspect of the Complaint & Reporting Procedure, or have any other questions, contact the Executive Director of Human Resources and Administration.

For instances involving you personally, the college encourages you to communicate directly with the alleged wrongdoer, and make it clear that his/her behavior is unacceptable, but you are not required to do so.

In all instances, anyone who feels that he or she is a victim of, witnesses or wishes to report any of the conduct identified within the college's EEO or Anti-Discrimination & Anti-Harassment Policies, by any employee or a non-employee, the employee should bring the matter to the immediate attention of his/her supervisor. If that would prove to be uncomfortable, or in the event the alleged perpetrator is your supervisor, you may bring your complaint to your Department Head or Division Director, the appropriate Affirmative Action Officer or the Executive Director of Human Resources and Administration. If your complaint or report concerns retaliation or a violation of the college's Whistle Blower Policy then promptly report it directly to the Executive Director of Human Resources and Administration or College President.

Every effort will be made to promptly investigate all allegations of unlawful discrimination, harassment or retaliation as confidentially as possible and to take appropriate corrective action, if warranted. This is not a guarantee that all matters will remain confidential as to all persons at all times.

Any employee who is determined, after an investigation, to have engaged in conduct which violates this or another college policy will be subject to appropriate disciplinary action, up to and including discharge.

Whistle Blower Policy

The college is dedicated to its obligations under Federal and State laws and will not tolerate retaliatory action or reprisal (e.g. demotion, suspension, termination, or other retaliatory action) against an employee who refuses to participate in unlawful or unethical activity, discloses unlawful activity or reports acts of discrimination or unlawful harassment.

Among other things, the college does not allow retaliation or reprisal against an employee based upon the following:

- The employee discloses or threatens to disclose to a supervisor or to a public body an activity, policy or college that the employee reasonably believes is in violation of a law, a rule or regulation promulgated pursuant to law;
- The employee provides information to, or testifies before any public body conducting an investigation, hearing, an inquiry into any violation of law, or a rule or regulation promulgated pursuant to law; or
- The employee objects to, or refuses to participate in any activity, policy, or college that the employee reasonably believes is a violation of a law, rule or regulation promulgated pursuant to law; is fraudulent or criminal; or is incompatible with a clear public policy mandate concerning the public health, safety, or welfare.

If you have a complaint of this nature, questions or desire further information please promptly contact the college's Executive Director of Human Resources and Administration or the College President. Employees are encouraged to raise any issues or conduct they perceive to be improper.

All complaints will be taken seriously and promptly investigated. Adopted March 15, 2011 (912, 914, 916 Repealed)

Bill of Rights

This policy has been developed in compliance with a directive from the New Jersey Commissioner of Higher Education implementing the provisions of Chapter 160 of the Public Laws of 1994.

The college is committed to creating and maintaining an environment which is free from violence, sexual assault, and non-consensual sexual contact. Accordingly, and as required by law, the college adopts as policy and directs the implementation of the Campus Sexual Assault Victim's Bill of Rights promulgated by the Commission on Higher Education.

Sanctions Against Violators

The college will not tolerate sexual assault or non-consensual sexual contact in any form. Any individual charged with sexual assault or non-consensual sexual contact can and will be prosecuted under applicable New Jersey criminal statutes. College employees charged with such conduct are subject to prosecution, and are also subject to disciplinary action under applicable college policy (e.g., Employee Code of Conduct, Civility Policy, etc.) or applicable collective bargaining provisions. Students charged with violations are subject to disciplinary action under the Rowan College at Burlington County Code of Student Conduct.

Responsibility for Implementation

While the President of the College has overall responsibility for the implementation of this Policy, operational responsibility including but not limited to the development, dissemination, and the execution of the Campus Sexual Assault Victim's Bill of Rights, relevant procedures, and services is delegated to the Dean of Student Services.

Smoking Prohibited on College Premises

Policy 604 adopted by the RCBC Board of Trustees March 11, 2014 (superseding the policy of April 18, 2007)

Introduction

1. Smoking on college property by any person at any time anywhere is strictly prohibited. College property includes all college vehicles as well as real estate owned by the college.
2. Rowan College at Burlington County recognizes the health hazards associated with smoking. These health hazards can have serious implications both for the smoker and the non-smoker. Enactment of this policy will promote the health and welfare of all individuals on campus and enhance the comfort of non-smokers, particularly those with health conditions aggravated by exposure to smoking.
3. The effect of this Policy is to prohibit smoking not only in all buildings but also on all areas of college property. This means that smoking is prohibited on the grounds, playing fields, walkways, roadways, parking lots, in and around the perimeter of any building.

“Smoking” Defined

For purposes of this policy, “smoking” is defined as the burning of a lighted cigar, cigarette, pipe, or any other matter or substance that contains tobacco as well as the use of smokeless tobacco, snuff, and electronic cigarettes or any product that simulates the act of smoking.

Legal Authority

This policy has been enacted in accordance with the provisions of Chapter 383, Public Laws of 2005, and codified in N.J.S.A 26:3D-55 et seq.

Sanctions Against Violators

Any employee who violates this policy shall be subject to appropriate disciplinary action. Any student who violates the policy shall be subject to disciplinary measures in accordance with the provisions of the Student Code of Conduct. Other individuals, including visitors to the college, who violate this policy, may be asked to leave the college property. All violators are also subject to sanctions provided by applicable laws and regulations.

Signage

Signs designating Rowan College at Burlington County a smoke-free campus will be posted. Additionally, signs requesting individuals to extinguish their smoking materials prior to exiting vehicles will be placed in each parking lot. This policy will also be placed in the College Catalog, Student Handbook, and other selected publications.

Substance Abuse Policy

Rowan College at Burlington County is committed to providing its employees, students and guests with an environment that is conducive to the achievement of work and academic goals. Moreover, the college is required to comply with the Drug Free Workplace Act of 1988, 41 U.S.C., Section 701, et. and the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226 and 34 CFR Part 86, as well as other relevant substance abuse laws. Therefore, the college has adopted the following policy regarding the use of drugs and alcohol by college students and employees and other individuals on the college campuses, in college facilities, and in college vehicles.

Use of Alcohol

Except at specific functions approved by the college, the use, possession, or sale of alcoholic beverages by any individuals on the college campuses in college facilities, and in college vehicles is strictly forbidden. It is also strictly forbidden for any individual to be under the influence of alcoholic beverages while engaged in college-related activities, or while on the college campuses, in college facilities, and in college vehicles. When authorized by the college, the use of alcoholic beverages at college functions shall be in strict accordance with local, state, and federal regulations.

Use of Drugs

The manufacture, use, possession, sale, distribution, or being under the influence of illegal narcotics, chemicals, psychedelic drugs, or other controlled substances by an individual engaged in college-related activities or while on the college campuses, in college facilities, and in college vehicles is strictly forbidden. Similarly, the unprescribed, illegal, or abusive use of prescription or over-the-counter drugs or narcotics is strictly forbidden.

Sanctions

Persons violating this Policy will be subject to all applicable civil and criminal penalties. Violations of local ordinances or of state or federal laws regarding alcohol or controlled dangerous substances by members of the college community, if they are of a serious nature, may entail college disciplinary action regardless of where such violations occur. When appropriate, the college will apply progressive discipline and depending on the particular circumstances, continued association with the college by violators of this policy may be made contingent upon satisfactory participation in an alcohol or drug abuse assistance or rehabilitation program.

In addition to the above sanctions, violators of this policy may also be subject to forfeiture of public employment under State Forfeiture of Public Office laws and/or loss of grant or other financial aid. For more information regarding local, state, and federal regulations and applicable sanctions, contact the Personnel Department or the Office of the Dean of Student Services.

Education

The college shall provide an awareness program to educate students, faculty, and staff to the dangers of drug and alcohol abuse and to enable administrators, supervisors, and faculty to identify persons who may be in need of assistance and refer them for evaluation and treatment. (June 2011)

STUDENT RIGHTS & RESPONSIBILITIES

Civility on Campus Policy

Rowan College at Burlington County was founded in the belief that learning is a lifelong activity, and that education can improve the quality of life for individuals and society. The college provides educational and employment opportunities at various sites, including its main campus.

Rowan College at Burlington County is a community of individuals. As such, we must always strive to recognize the dignity and worth of each member of our community. It is, therefore, the policy of the college that each individual, regardless of status (student, administrator, support staff, or faculty member) must treat every other individual, irrespective of status, rank, title or position, with dignity and respect.

It will be a violation of the policy for any individual or group of individuals to engage in any of the following types of behavior:

1. Any action or activity violative of the College's Racial/Ethnic or Sexual Harassment Policies;
2. Use of foul, abusive, or demeaning language (written or verbal) or obscene gestures directed toward another (either as a group or an individual);
3. Initiating and/or participating in false or malicious rumors about any member of the community;
4. Any verbal or physical assault that has the intent or effect of causing an apprehension of fear in another or otherwise creates or promotes a hostile environment;
5. Knowingly or recklessly interfering with any member of the community in the normal performance of her/his assigned duties (e.g. interfering, directly or indirectly, with security and safety officers in the execution of their activities);
6. Deliberately filing a false and malicious complaint under this or the college harassment policies (filing a valid complaint, albeit one which does not identify action that would constitute harassment, is not violative of this policy);
7. Engaging in any activity intended to interfere with or retaliate against an individual who has filed a complaint under this or either harassment policy;
8. Any activity or conduct not previously mentioned, engaged in by any individual or group of individuals, that has the intent or effect of creating a hostile or intimidating environment.

The above identified behaviors are merely suggestive of the type of conduct that would violate this policy. The aforementioned are not intended to be inclusive and any other behavior, action or conduct that impedes, interferes or frustrates the efficiency or productivity of the work and/or academic environment of the college are prohibited.

It is not the intention of the college to interfere with, impede, frustrate, or subvert any individual's constitutional or statutory right. Rather, it is the intent of the college to promote and foster an atmosphere and environment conducive to the academic mission of the school.

Children On Campus

The college does not allow students to bring their children to class.

Code of Conduct

A. Purpose

The purpose of this Code of Conduct is to protect Rowan College at Burlington County, its academic and social community, and its property from harm resulting from acts of its students causing injury thereto, or threat of injury.

To this end, this Code defines prohibited conduct and provides for imposition of appropriate discipline upon those students whose acts are in violation of its standards of conduct, by means of hearing procedures affording both prompt disciplinary determinations and appropriate due process to the alleged violator.

Students at Rowan College at Burlington County may be accountable to the civil authorities, as well as to the college, for acts which constitute violations of law as well as violations of this Code. In such event, college disciplinary actions will proceed notwithstanding the pendency of any criminal, drug or disorderly persons proceedings. Similarly, dismissal or acquittal of such concurrent legal proceedings will not necessarily result in dismissal of college disciplinary actions.

The college recognizes that its inherent powers and responsibilities to act so as to protect the safety and well-being of the campus community are broad, and that the potential range of student misconduct which could harm persons and property on campus is also broad. Accordingly, these regulations are to be interpreted broadly so as to effectuate to the fullest extent the protection of the Rowan College at Burlington County community. These written regulations are intended to define prohibited offenses with precision so as to give students notice of the behavioral standards expected of them and of the consequences should violations to the Code occur. They are not meant to define misconduct in exhaustive terms.

B. Prohibited Conduct

The following acts when committed by students of Rowan College at Burlington County shall be deemed misconduct subject to imposition of discipline under this Code. In addition to this Code, students will be held accountable to the policies on Civility on Campus, Racial/ Ethnic Harassment, Sexual Harassment, Smoking on Campus, and Substance Abuse/Use on Campus.

Harassment, Anti-Discrimination, Equal Opportunity, Non-Retaliation, Whistleblower and Complaint and Reporting.

1. In compliance with the State of New Jersey's "Anti-Bullying Bill of Rights Act", the college will maintain zero-tolerance towards behavior involving harassment, intimidation, and/or bullying of any kind that is directed to students, members of the college community, and/or visitors. Harassment, intimidation, and/or bullying includes but is not limited to any gesture, written, verbal or physical act, or any electronic communication that targets another individual and/or that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic, that takes place on or with college property or at any college sponsored function.

A reasonable person should know, under the circumstances, that the above identified behavior will have the effect of physically or emotionally harming a student, staff person or visitor or damaging the student, staff person or visitor's property, or placing a student, staff person or visitor in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or has the effect of insulting or demeaning any student or group of students, staff person or visitor in such a way as to cause disruption in, or interference with, the orderly operation of the college; or creates a hostile environment for the student, staff person or visitor at the college; or infringes on the rights of the student, staff person or visitor at the college. Those found in violation of this section of the Code of Conduct will be subject to expulsion from the college.

20. Unauthorized presence in or use of college premises, facilities or property.
21. Unauthorized use or possession of fireworks on college premises.

C. College Policy on Student Violations of Law

On-campus misconduct constituting a criminal, drug, or disorderly persons offense will be immediately reported to the appropriate authorities for their investigation. Where a student's illegal act also is violative of this Code, proceedings will be instituted under this Code. Where the college itself is a victim of the illegal act, and where witnesses are available to present statements to investigators and to testify in court, the college will file a court complaint against the student.

The Office of Public Safety is responsible for investigating all student violations of law that occur on campus, and should be notified immediately upon detection of any such violation. As soon as practicable upon receipt of such notification, it shall advise the appropriate civil law enforcement authority of such violation and that an investigation is being made. It shall take whatever action may be necessary, legal, and proper within the scope of its authority with respect to such violation, for the protection of persons and property on campus, and shall cooperate fully with the civil authorities in the apprehension of suspects, preservation of evidence, aid to victims, and all other aspects of the case. A complete factual report shall be prepared by the Office of Public Safety promptly after the occurrence of each such violation and a copy thereof sent to the Vice President of Enrollment Management and Student Success. Said report shall be prepared whether or not the violation is also investigated by a civil law enforcement authority.

D. Student Conduct Procedures for Reports, Hearings, Sanctions and Appeals

When misconduct occurs, any person observing it should immediately contact the Public Safety Department by dialing (856) 222-9311 ext 2100, who shall immediately attempt to speak to the alleged violator and to any persons involved or witness thereto.

Additionally, the college maintains current procedures for addressing, reporting and communicating with any student involved in a violation of the code of conduct via the college website.

Please visit rcbc.edu/conduct for detailed information on procedures related to college response to misconduct, hearings, communication, sanctions and appeals. Individual programs within the college may also have specific expectations and requirements regarding student conduct available through the Department or Academic Division resources.

Resolving Academic Concerns

Academic concerns should first be discussed with the faculty member assigned to your class. Should you feel uncomfortable with direct contact with the faculty member, you have the right to take your concern to the appropriate division dean. In the case of a registration dispute, you should first contact the Registrar. It is recommended that your concern be stated in writing.

Further, the college has a policy that provides students a formal avenue for final grade disputes. The purpose of this policy is to offer the student an avenue to discuss and resolve problems that arise with his/her educational progress. This document establishes a policy that defines a grade appeal process that provides due process as articulated in Procedure 217, for students in the event of a final grade dispute with a course professor.

This policy requires a request for a formal meeting with the course professor related to the grade dispute, a review and recommendation by the divisional dean and an appeal to the Provost. This policy also provides for the formation of a Grade Appeal Committee to review the records relevant to any dispute and make a recommendation to the President or designee, whose decision will be final.

If the problem is not resolved to your satisfaction, the next step is to take your concern to the Provost, who is the college's chief academic officer, and is responsible for making the final determination regarding your academic dispute.

Student Dispute Resolution

Regarding Section 504 of the Rehabilitation Act (Administrative Procedure 904a)

The purpose of this student dispute resolution procedure is to provide an official means for handling disputes regarding a possible violation of Section 504 of the Rehabilitation Act of 1973 (which prohibits discrimination against otherwise qualified handicapped people).

Students should proceed as follows:

1. Within five college work days of the alleged incident, the student should attempt to resolve the problem personally with the college employee involved.
2. If the student is unable to reach a satisfactory resolution of the complaint in step 1 above, the student should, within five working days of the meeting with the college employee, make a written request for a meeting with the employee's immediate supervisor. This meeting with the supervisor is to take place within 10 college work days from receipt of the request. The immediate supervisor will hear the student and collect data as needed from the employee and other college personnel and render a decision on the matter. The supervisor will communicate this decision in writing to the student and employee within five work days after the meeting.
3. If the student is unable to reach a satisfactory resolution of the complaint in step 2 above, the student should, within five work days of receipt of the written decision following the meeting with the college employee's supervisor, make a written request for a meeting with the Vice President in whose area of supervision the matter has

occurred. This meeting is to take place within 10 college work days from receipt of the request. The appropriate Vice President will review the facts presented by the student and collect data from other personnel as needed. The Vice President will render a decision on the matter and communicate this decision in writing to the student, the employee against whom the student has made the complaint, and the employee's immediate supervisor within five work days after the meeting.

4. Any student may appeal the decision of the Vice President directly to the President of the College. The notice of appeal must be received at the Office of the President within five college working days of the date of the Vice President's decision. The President, within 10 college work days of receiving the notice of appeal, shall either confirm, reverse, or modify the decision of the Vice President. The President's written decision shall include his/her reasons for arriving at said decision. Said decision shall be final.

Student's Right to Know

Security at Rowan College at Burlington County is everybody's business. No community, of course, can be totally risk-free in today's society. Students, faculty, staff and visitors are partners in creating an atmosphere that is safe and conducive to learning.

Rowan College at Burlington County maintains a Public Safety Department with personnel available 24 hours a day. A person may report any criminal action or any other emergency at any time by calling the **Public Safety Department** at the following number: (856) 222-9311, ext. 1100 or 2100.

Access to Campus Facilities – 20 U.S.C. 1092 B Buildings

Most campus buildings are open from 6 am to 11 pm. All Rowan College at Burlington County students and staff members have been issued identification cards which they may be asked to produce if there is a question about their authorization to be in a specific area.

Individuals who need to be in campus buildings or other areas during times other than regularly scheduled work hours must obtain permission for that date and time from the department supervisor and notify the Public Safety Department of their presence.

Many campus rooms and areas are protected by intrusion alarms. Before entering such areas, the Public Safety Department should be called.

It is the responsibility of those who use rooms, offices and areas to lock access doors, turn off lights, and close windows. The college staff will check many of these areas of the campus during off hours but the primary responsibility for security lies with the user.

Keys

Keys are provided to individual staff members on a need-to-enter basis as determined by the appropriate supervisor. Lost keys must be reported immediately to Public Safety Department and one's supervisor.

Keys should never be loaned to other staff members or students. Public Safety personnel will confiscate any keys which have not been specifically issued to a particular individual. Unauthorized duplication of college keys is a crime and a violation of college policy.

College Property

No college property may be removed from the campus without the expressed written permission from the department supervisor. Unauthorized removal of college property from the campus is a violation of the institution's policy and/or a violation of law and may be prosecuted by the college.

Sexual Violence Elimination on Campus

The college is committed to creating and maintaining an environment that is free from domestic violence, dating violence, sexual assault and/or stalking. Accordingly, and as required by law, the college adopts as Board Policy Sexual Violence Elimination on Campus promulgated by the reauthorization of the Violence Against Women Act (VAWA).

Definitions

“Domestic violence” includes asserted violent misdemeanor and felony offenses committed by the victim’s current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.

“Dating violence” means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.

“Sexual assault” shall include both forcible and non-forcible acts of sexual assault. This includes any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent. Additionally, non-forcible sexual offenses include incest and statutory rape.

“Stalking” means a course of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others’ safety, or to suffer substantial emotional distress.

Reporting Incidents

Employees and/or students should report incidents of domestic violence, dating violence, sexual assault and/or stalking, occurring either on or off campus, to a Campus Security Authority. These individuals include any official with significant responsibility for student and campus activities such as, but not limited to, members of Public Safety, Student Life, Student Success, faculty or staff advisors to student organizations, and coaches. The college strongly advocates that victims report incidents in a timely manner. Additionally, the college recommends that a victim of domestic violence, dating violence, sexual assault, and/or stalking, occurring either on or off campus, report the crime to the law enforcement agency for the applicable municipality. The college can facilitate notification on your behalf. However, filing a report will not necessarily obligate a victim to prosecute the crime and victims have the option not to notify and seek assistance from law enforcement and campus authorities, if they so choose. The college will take measures to safeguard the confidentiality of those reporting incidents of domestic violence, dating violence, sexual assault, and/or stalking.

Proceedings

College officials who conduct disciplinary proceeding for cases involving domestic violence, dating violence, sexual assault, and/or stalking will be trained on how to investigate and conduct hearings in a manner that protects the safety of victims and promotes accountability.

The accused and accuser are entitled to the same opportunities to be accompanied by an advisor, counsel or other representative at his/her own expense pursuant to the Student Code of Conduct.

The accused and accuser shall be notified simultaneously in writing of the outcome of the proceeding as well as any applicable appeal procedures, any change to the result before the decision becomes final, and when the result becomes final.

Sanctions Against Violator

The college will not tolerate acts of domestic violence, dating violence, sexual assault and/ or stalking by any member of the college community including, but not limited to, staff and students. Any individual charged with a violation of domestic violence, dating violence, sexual assault and/or stalking are subject to prosecution under applicable New Jersey criminal statutes.

Following investigation, college employees charged with such conduct are subject to prosecution and are also subject to disciplinary action under applicable policies, procedures and/or collective bargaining provisions. Sanctions that the college may impose on an employee following a final determination of responsibility include, but are not limited, to counseling, written warning, suspension, and final warning and/or termination of employment. Students charged with such conduct are subject to prosecution and are also subject to disciplinary action under the college's Code of Student Conduct. Sanctions that the college may impose on a student following a final determination of responsibility include, but are not limited to, warning the student, loss of privileges, restitution, disciplinary probation, suspension, or expulsion.

The standard of evidence used in college hearings is a preponderance of the evidence standard.

Confidentiality

The substance and outcome are to remain confidential and will only be shared with the accused, accuser and those directly involved in the investigation. Any violation of the confidentiality of the substance and/or outcome will be subject to disciplinary action under applicable policies, procedures, Student Code of Conduct, and/or collective bargaining provisions.

Additional Information

Employees and/or students who report such incidents will be afforded reasonable accommodations to avoid hostile environments. Accommodations include, but are not limited, to a change in academic, working, and/or transportation situations.

Employees and/or students who report such incidents will be provided written information regarding counseling, health, victim advocacy, legal assistance, mental health and other services available both on campus and in the community. This information will include a victim's right to obtain and enforce a restraining order as well as information regarding the preservation of evidence.
