

RCBC'S RE-DESIGNED TRANSFER CERTIFICATE

Your Future.
Unpaused

Designed to maximize transfer to 4-year institutions

Don't interrupt your education! RCBC's certificate in Liberal Arts & Sciences offers a great opportunity to finish 31 credits in one year which opens the door for a multitude of year two options.

RCBC is launching a redesigned certificate program in fall 2020 that offers OPTIONS:

1. **Earn an academic certificate and receive individualized advising.** Learn how to transfer your earned classes to the school of your choice.
2. **Get ahead in your field.** Develop skills in written and oral communication, creative and critical thinking and analytical reasoning.
3. **Make progress toward your associate degree.** Earn a stackable credential that counts toward your graduation.

Students in this program will work with their assigned advisors to develop an individualized transfer plan and engage in major and career exploration.

Contact us now to develop your individualized plan. Visit rcbc.edu/advising for information on meeting with an advisor.
