

3 Easy Ways To Access Your Course Materials:

- 1: Your .edu Email
- 2: The BryteWave Website
- 3: From Blackboard

You can access your digital course materials utilizing any one of these three ways:

1) Email sent to your school email account

- A BryteWave (RedShelf) account will be created using your school email address
- An email will be sent to you with a link to your shelf.
- This emailed link will take you to your BryteWave Discover Shelf account where you can log in using your school email address and find your preloaded material on your Shelf.
- Additional support for email can be found here: [BryteWave Email info](#)

2) Log in using the URL for BryteWave : <https://brytewave.redshelf.com/>

- Forgot your password or didn't receive your password?
 - Go to: <https://Brytewave.redshelf.com>
 - Select the Log In button in the upper right.
 - Select 'Forgot Password' or navigate to this link: <https://brytewave.redshelf.com/accounts/forgot/>
 - Use your school email address to reset your password.

Your Materials

3) Use the link in Blackboard

- Click on your course in Blackboard
- Then choose the BryteWave link named **BryteWave Course Materials**.

Accessing in Blackboard:

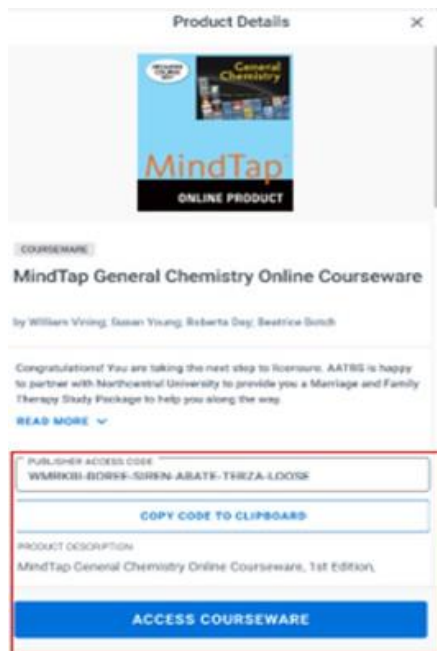

Choose the digital course material you want to access.

Click on the title and some product details will pop up. For an ebook you can click **READ NOW** to open it in a new tab.

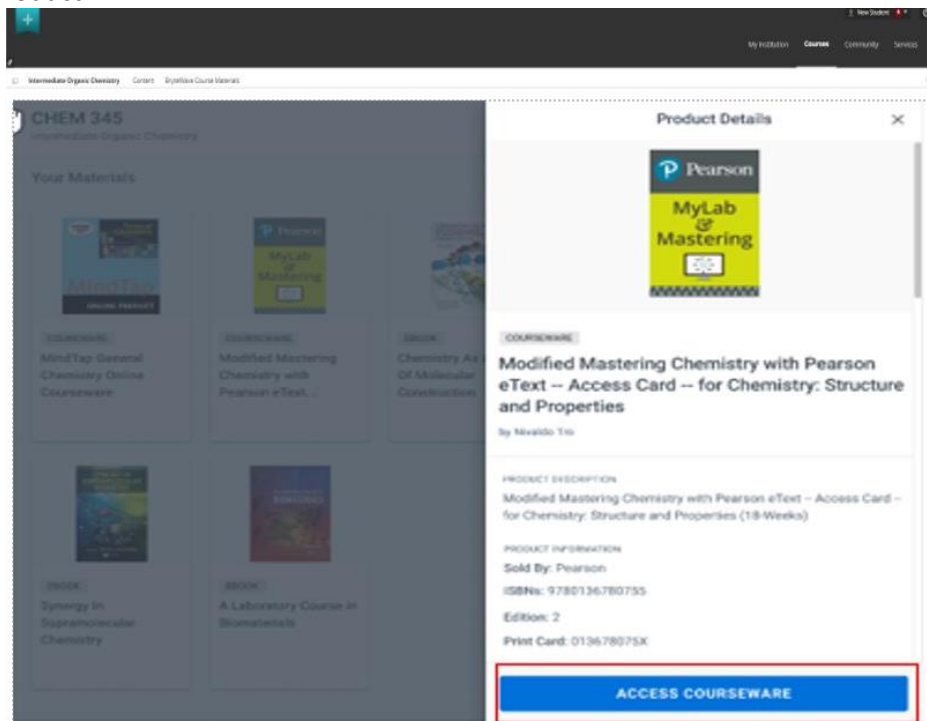

Some digital products require a code to access the materials on the publisher's website. Click **Copy the Code to Clipboard** and then click **Access Courseware**. You will paste that code in the designated field on the site you are sent to.

- **Note:** That if the **ACCESS COURSEWARE** button is not available for a specific product; you will go directly to that publisher website listed in Blackboard or use a link provided by your instructor.

If your product doesn't have a code to copy, then you just click Access Courseware to be directed to your digital product.
